

# *Combined Training*

## *Sunday 17<sup>th</sup> February*

The first Combined Training event for 2008 attracted a reasonable amount of entries considering it was the first competition for many horses and riders due to the dreaded EI! We had just over 20 competitors competing on the day and it was a nice relaxing day out for many!

For those of you not familiar with Combined Training it is a fun event which combines a Dressage test (Preliminary up to Novice) and a Show Jumping round (65cm, 80cm, 95cm and 105cm) which are then scored according to National Eventing Rules to determine the winners. The winners were as follows:

### **Class 1 - Preparatory**
